

KPIs for Editors

1. Timeliness & Delivery Discipline

- Meets all agreed deadlines consistently
- Communicates delays proactively
- Maintains monthly delivery targets

Measurement: ClickUp delivery tracker

2. SOP Compliance & First-Draft Quality

- Strict adherence to Video Editing SOP before submission (Guidelines and Checklist)
- Strong intro with impactful hook and proper pacing
- Accurate visual–narration sync (no repetitive or mismatched visuals)
- Clean audio, subtitles, standardization, censoring, and mandatory blurring
- Full timeline self-review before render

Measurement: QA flags (MAJOR/MINOR) & first-draft approval rate

3. Visual Storytelling & Editor Judgment

- Uses visuals to enhance pacing, suspense, and narrative flow
- Selects best clips for hooks and key moments
- Applies animations, maps, and graphics only where required

Measurement: Manager review & rework frequency

4. Feedback Incorporation & Iteration

- Implements QA/editor feedback accurately and on time
- Avoids repetition of previously flagged issues
- Shows visible improvement across revisions

Measurement: Revision count & repeated issue tracking

5. Quality, Accuracy & Ethical Compliance

- Ensures factual accuracy and contextual correctness
- Follows all content safety, censorship, and legal guidelines
- Maintains neutral, responsible presentation

Measurement: QA audits & error logs

6. Communication & Collaboration

- Communicates clearly with writers, QA, and managers
- Raises concerns early to avoid rework
- Participates in reviews and syncs when required

Measurement: Team feedback

7. Efficiency (Quality vs Time)

- Balances speed and quality under deadlines
- Manages revisions without timeline impact
- Avoids last-minute quality compromises

Measurement: Delivery vs quality trends

8. Creative Awareness & Improvement

- Applies genre trends and best practices
- Suggests improvements in hooks, pacing, or format
- Shows continuous quality growth

Measurement: Manager assessment & quality progression

9. Ownership & Professionalism

- Owns videos end-to-end till final approval
- Takes responsibility for errors and fixes promptly
- Maintains professional conduct and process discipline

Measurement: Manager observation & cross-team feedback

10. LEARNING, UPSKILLING & GROWTH

- Actively works on improving editing, 3D, animation, and visual alignment skills
- Studies, explores and applies new techniques relevant to the mystery/crime genre
- Demonstrates continuous improvement over time

Measurement: Learning discussions and quality progression

11. CREATIVE INITIATIVE & INDUSTRY AWARENESS

- Brings new editing ideas, formats
- Stays updated with genre trends and competitor content and video editing tools
- Applies learnings from external references into editing

Measurement: Idea contributions and observable experimentation
