

KPIs

1. Platform Familiarity & Compliance (ClickUp Onboarding)

- Learns and consistently uses ClickUp for all communication, task updates, scores, and thumbnails.
- Ensures no work is tracked outside the platform.

Success Indicator: 100% of assigned tasks logged and updated on ClickUp.

2. Deadline Awareness & Punctuality

- Demonstrates reliability in meeting assigned deadlines.
- Communicates proactively if delays are anticipated.

Success Indicator: ≥90% of tasks delivered on or before deadline during onboarding period.

3. Title and Thumbnail Training & CTR Understanding

- Learns thumbnail design standards and CTR benchmarks (target ≥6%, excluding bodycam and 3D channels).
- Assists in thumbnail creation under guidance, focusing on quality and alignment.

Success Indicator: Demonstrates ability to produce titles and thumbnails meeting baseline quality standards.

4. Thumbnail Responsiveness (Learning Recovery Process)

- Observes and supports the process of producing alternate thumbnails when videos underperform.
- Gains familiarity with timelines and expectations for replacement thumbnails.

Success Indicator: Successfully assists in at least 3-5 alternate thumbnail cycles within the first month.

5. Company Brand & Standards Familiarity

- Learns the types of videos produced by the company, including genre, tone, and audience expectations.
- Understands and applies the standards, formats, and creative guidelines that define the brand identity.
- Ensures all contributions align with established brand consistency and channel-specific requirements.

Success Indicator: Demonstrates clear understanding of video formats and brand standards by correctly applying them in deliverables during the onboarding period.

6. Trend Awareness & Learning

- Begins tracking creative trends and shares at least one new idea or observation weekly.
- Demonstrates curiosity and initiative in learning packaging, titles, and visuals.

Success Indicator: Documented contributions of trend insights during onboarding.

7. Video QA Meeting Participation & Communication

- Actively attends video QA meetings to observe how they are structured and conducted.
- Learns the types of feedback typically given (script, video, thumbnail, and packaging).
- Practices clear communication of proposed changes, ensuring feedback is constructive and actionable.

Success Indicator: Demonstrates understanding of meeting flow, contributes at least one relevant observation or suggestion, and communicates changes effectively within the first month.

8. Performance Ownership (Views)

- 30-day views vs trailing 3-month channel baseline; post-publish performance ownership.

Success Indicator: Videos meet or exceed the 3 month channel baseline. Case ratings given by the QA team member match the performance of the video.
