

Key Performance Indicators (KPIs) of GC

1. Standardization

- Subtitles must adhere to the approved standards for color, placement, font type, and size.
- Tags must be accurate, relevant, and consistently applied throughout the video.
- Content must comply with censorship guidelines, ensuring the removal or masking of:
 - Taboo words, profanity, obscene or offensive language
 - Graphic or sensitive content, including blood, dead bodies, or depictions of killing
 - Other channels' watermarks, logos, or branding
- Videos must be free from technical glitches, including visual or audio errors, black frames, lag, frame drops, or audio-video synchronization issues.

2. Quality Assurance

- **Video Quality:**
 - No incomplete or fragmented clips
 - Smooth and seamless transitions
 - Proper pacing with no lag or stuttering
- **Audio Quality:**
 - Background music, original clip audio, and narration/voiceover must be balanced and well-integrated
 - Consistent and uniform volume levels across the entire video.

3. TIMELINESS & DELIVERY DISCIPLINE

- Submits all assigned videos within agreed timelines
- Communicates proactively in case of genuine delays
- Maintains consistency in meeting monthly delivery targets

4. FEEDBACK INCORPORATION & ITERATION

- Incorporates QA feedback accurately and promptly
- Avoids repetition of previously flagged issues
- Demonstrates visible improvement after feedback cycles

5. Communication & Ownership

- Maintains active and professional communication with editors, QA, and managers
- Raises clarifications or concerns early to avoid rework
- Takes responsibility for assigned scripts end-to-end
- Owns mistakes and resolves issues without deflection
- Maintains professional conduct and respects team processes and members

6. ClickUp Usage & Process Discipline

- All reviews, feedback, and communication must be done on ClickUp keeping higher management involved.
- Tasks and comments for the delay or for any heads up should be updated on time and properly documented.
- Process discipline is expected without the need for repeated follow-ups.
- The scores should be put on time.

Note: The first round of GC should be the best i.e. nothing should be missed in GC 1st round. GC 2nd round means that you have to check if the changes suggested in GC 1st round have been incorporated by the editors or not.
